

Medical Sharps Disposal

Don't put your sharps in the trash, dispose of them safely

FREE OF CHARGE.

Mississippi Department of Environmental Quality along with local sponsors serving as drop-off locations will take your used medical sharps free of charge. The sharps must be transported in a safe container which needs to be left with the sharps.

By bringing your medical sharps to these locations, you are preventing the possibility of someone else getting stuck by your used needle, as well preventing any unused portion of the medicine from contaminating the water supply.

These locations are the few around Lamar County, however there is many more around the state. Let your relatives know that they can safely dispose of their medical sharps. Contact their pharmacy and ask for the State Sharps Disposal program, it is free even for the drop-off location sponsors, have them contact MDEQ, or their Local Solid Waste Officer.
